

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. Card Etiquette

The significance of a card is always considered by well bred men and women, and its fitness to the occasion is an expression of its owner's individuality; in fact, the card is the beginning and the end of etiquette—the introduction and the farewell.

A written name should never be used unless the bearer's formal cards are beyond reach.

Ladies' visiting cards should be nearly square, fine in texture, flexible and of a soft white. Changes in form of course occur, but these are the characteristics for those who respect good form.

It is imperative that Mrs. or Miss should be placed before the name upon the engraved card.

It is proper to use the husband's complete name. Initials are seldom seen.

During a young girl's first season in society, her name is engraved upon her mother's card. If she is the eldest unmarried daughter, she is appended as Miss Smith, otherwise her full name is given with the prefix of Miss.

When two daughters enter society together it is proper for them to be mentioned upon their mother's card together, thus:

MRS. JAMES SMITH.

THE MISSES SMITH.

Afternoon tea cards are sent a week or ten days in advance of the date upon them.

To send a card without calling signifies inability to call in person.

Acceptances or regrets should be sent as soon as possible after receiving invitations.

"Party Calls" should be made within one week after date of the party.

Invitations in your city can be sent either by mail or messenger as preferred.

The visiting cards of gentlemen are shorter and slightly narrower than those at present used by ladies. "Mr." should be prefixed to the name.

Any lady wishing to inform her friends of the presence of a lady visiting her family, should enclose her visitor's card with her own, in the same envelope.

When cards of introduction are given, the name of the bearer should be written above that of the giver, prefixed by the word "Introducing," and the card placed in an envelope addressed to the person to whom the introduction is made.

An invitation to dine should be answered on the day received.

It is always courteous to acknowledge the receipt of an "At Home" card.

A visiting card should always be left when attending an "At Home."

Any invitation requesting your presence, requires an answer.

CARD ETIQUETTE FOR CHURCH WEDDINGS.

When attendance at a church wedding is impossible cards must be sent in an envelope directed to those from whom the invitation comes.

If present at the church it is polite to send a card or cards to those who invite.

CARD ETIQUETTE IN WASHINGTON.

Questions are asked concerning the requirements that the official element demands in Washington, and some knowledge of the etiquette of that city is necessary.

The President has absolute precedence. He receives visits—returns none.

He is addressed as Mr. President.

His receptions are open to all.

Upon entrance you give your name to an usher, and are announced. You are then introduced to the President and members of the Presidential family.

It is proper to leave your card before your departure from the "White House."

Any invitation extended by the President is equivalent to a command.

There was a question as to who should pay the first visit, the Cabinet officer or the Senator.

Many yield this point to the Senate. The families of Senators are in Washington for a short time, while the residence of the Cabinet is fixed.

The wives of the United States Senators will hereafter call upon the wives of Foreign AMBASSADORS, while the wives of Foreign MINISTERS will make the first call upon the wives of Senators.

In all Society, official or otherwise, the clergy take a signal position, and should always be accorded the place of honor, when present.

CARDS FOR BALLS.

Note sheets are used for private balls, and the engraved invitation is in the same form as for any evening party.

Cards of ceremony must be left within a week.

If a lady is "at home" on a certain day, cards must be left on that day and no other.

Exceptional occasions, of course, require exceptional cards; for such there can be no fixed rules.

WHEN TO DROP THE JR.

When a father dies leaving a son of the same name the son should omit the Jr. from his visiting card. To be correct his wife should do likewise, but as confusion sometimes arises because of the mother and wife having the same name the wife often prefers to keep the Jr.

INFANTS' CARDS.

It is a pleasing custom to send a small card announcing the birth of a child.

The full name is on the card, also the date of its birth in the lower left hand corner.

It is enclosed with its parents' card, to which it is daintily ribboned.

A visit of acknowledgment is usual. If not possible a card is sent, with "Congratulations" written upon the upper left hand corner.

WEDDING ANNIVERSARIES.

WOODEN—Five years married.

LINEN—Twenty years married.

TIN—Ten years married.

SILVER—Twenty-five years married.

CRYSTAL—Fifteen years married.

GOLDEN—Fifty years married.

DIAMOND—Seventy-five years married.

### SPECIAL NOTICE

The fact that an alarm-box is located near their residence should be known to all persons; also the simple manner of giving an alarm in case of fire. The Fire Commissioner recommends to all persons who may see this notice that they make the necessary inquiries to enable them in case of need to give an alarm or to direct others to do so. Time saved in this way may sometimes prevent a conflagration.

In case of fire follow these

### DIRECTIONS.

Go to the nearest box to the fire.

A sign over each box directs how to give an alarm.

Open the box—pull the hook all the way down once and let go.

Listen for the working of the machinery in box. If you do not hear it pull again.

If then you hear no sound, go to the next nearest box. Repeat the same there, but do not touch any other box if the nearest one gives the alarm. After giving the alarm remain a while, if possible, by the box, so as to direct the fire men to the fire.

**SECOND ALARM**—No person will give alarms for the same fire (after the first alarm has been given) without an order from the Chief, or the officer in command.

#### CAUTION.

1. Never open the box or touch the hook except in case of fire.
2. Never give an alarm for a fire seen at a distance.
3. Be **REASONABLY SURE** there is a fire before giving an alarm.
4. Be sure your box is closed before leaving it.

### Regulations Concerning Fire Alarms and Signals.

Alarms will be designated as the **FIRST, SECOND, THIRD, FOURTH, FIFTH** and **SIXTH**. The **SIXTH** will be the **GENERAL** alarm.

**ALARM SIGNALS.** **FIRST ALARM**—Three rounds of the box number struck on all "tappers" throughout the department, and repeated two rounds on gongs and bells as follows: From boxes north of Essex, Boylston and Arlington streets on the gongs of the City Proper and the gongs and bells of the Charlestown and East Boston districts; from boxes south of said streets on the gongs of the City Proper, South Boston and Roxbury, and the gongs and bells of the Dorchester, West Roxbury and Brighton districts.

All alarms following the **FIRST** will be struck but **ONE** round of the box number and preceding signal, on all "tappers," gongs and bells throughout the department, as follows

**SECOND ALARM**—Two blows, followed by the box number.

**THIRD ALARM**—Three blows, followed by the box number.

**FOURTH ALARM**—Four blows, followed by the box number.

**FIFTH ALARM**—Five blows, followed by the box number.

**SIXTH ALARM**—Six blows, followed by the box number.

**COMBINATION ALARM**—In the event of a fire of such magnitude as to make it desirable to give a **THIRD, FOURTH** or **FIFTH** alarm immediately after the **FIRST**, intervening alarms may be omitted, and the department will be governed by the same rules, relative to their response, as if the alarms had been given in numerical succession.

A **COMBINATION** alarm will be ordered **ONLY** by the officer **COMMANDING** at a fire.

**"ALL-OUT" SIGNAL**—The signal **22—22**, followed by one round of a box number, will be struck on all "tappers"; it will be ordered only by the officer commanding at a fire, and when received signifies that the companies engaged at the fire from which the signal has been received have been relieved and are prepared to answer their own assignments.

**DRILL SCHOOL SIGNAL**—Two blows, received three times, thus 2—2—2, on "tappers," denotes "No Drill School"; when received at 8.30 A.M., indicates no morning session, and at 11.30 A. M., no afternoon session. This signal will be ordered through the commanding officer of the department.

**PUBLIC SCHOOL SIGNALS**—One blow, three times, thus 1—1—1, on the bells and gongs in all districts of the city, and by sounding the fire-boat whistle, denotes no session of the public schools for the day. To be struck at 7.45 A.M.

FIRE COMMISSIONER.

### Explanation of Cautionary and Storm Signals.

A RED FLAG WITH A BLACK CENTRE, either on the Lakes or seaboard, indicates that the storm is expected to be severe.

The pennant displayed with the flags indicates the direction of the wind; red, easterly winds (from northeast to south); white, westerly (from southwest to north). The pennant above the flag indicates that the wind is expected to blow from northerly quadrants; below, from southerly quadrants.

By night a red light will indicate easterly winds, and a white light above a red light will indicate westerly winds.

The system of weather, temperature and rain signals displayed throughout the country is distinct from the cautionary and storm signals, the latter being principally for the information of the maritime interests and are displayed at the principal ports of the Great Lakes and on the Atlantic, Pacific and Gulf coasts.

Boston office, rooms 149 to 154 P. O. Building; open to public from 8 A. M. to 5 P. M.; visitors cordially invited. Telephone, Nos. 491 Main and 1788 Back Bay; service 9 A. M. to 5 P. M. and 8 to 10 P. M.

J. W. SMITH, District Forecaster.

In charge Boston Station.

### HURRICANE WARNINGS.

For the purpose of giving warning of the approach of tropical hurricanes (and also those extremely severe and dangerous storms which sometimes pass across the Lake region and North Atlantic coasts) the Weather Bureau has adopted a special signal called the hurricane signal, consisting of two red flags with black centres displayed one above the other. (No distinctive night signal will be used). This signal will be displayed at all Weather Bureau offices and wind-signal display stations on the Atlantic and Gulf coasts and the Great Lakes, and also at numerous other points at sea and lake ports and along the coasts mentioned.

Chief of U. S. Weather Bureau
